Product Description:

The blue color of the jacket not only looks great but also provides visibility in the field. This ensures that your calves can be easily seen and monitored. The jacket is also equipped with a snap fixing collar and Velcro bonding. This feature ensures that the jacket stays securely on your calf, no matter how active they are.

The Young Cow Vest is made from high-quality materials that are machine washable. This makes it easy for farmers to clean and maintain the jacket, ensuring that it lasts for a long time. The jacket is also designed to be comfortable for your calf to wear. The lightweight material ensures that your calf can move around freely without any restrictions.

One of the main functions of the Calf Winter Jacket is to keep your calves warm during the colder months. This is important because young calves are more susceptible to cold weather, which can increase their risk of becoming ill and even dying. The jacket is designed to provide warmth and protection to your calf, ensuring that they stay healthy and happy even in the coldest weather.

In conclusion, the Young Cow Vest or Calf Winter Jacket is an essential product for any farmer with young calves. It is designed to keep your calves warm and reduce mortality during the winter months. The jacket is machine washable, easy to maintain, and comfortable for your calf to wear. The snap fixing collar and Velcro bonding ensure that the jacket stays securely on your calf, no matter how active they are. Invest in the Calf Winter Jacket today and ensure the health and well-being of your calves during the colder months.

Features:

Product Name: Calf Jacket

Belly Protection: Yes

Material: Waterproof Oxford Cloth

Washing Instructions: Machine Washable

Size: 92x72cm

Also known as: Young Cow Vest, Infant Heifer Blazer, Calf Coat

Technical Parameters:

Product Name	Calf Jacket
Features	Windproof, Warm, Breathable
Function	Keep Warming In Winter And Reduce Mortality
Size	92x72cm
Weight	630G
Closure Type	Snap Fixing, And Adjustable Size
Fit	40-48KGS Calves
Season	Winter
Washing Instructions	Machine Washable
Material	Waterproof Oxford Cloth

Applications:

The collar of the jacket is designed with both snap fixing and velcro bonding, ensuring a secure and comfortable fit for the calf. The jacket is also machine washable, making it easy to care for and maintain.

The Calf Jacket is perfect for a variety of occasions and scenarios. It is ideal for use on farms, ranches, and other agricultural settings where harsh weather conditions can pose a threat to the health and wellbeing of young cows. The jacket is also great for use during transport, helping to keep calves warm and comfortable during long journeys.

The Calf Jacket is also great for use during outdoor events, such as livestock shows and fairs. The jacket is not only functional but also stylish, making it a great addition to any calf's wardrobe. The jacket can be worn alone or paired with other accessories, such as a cowhide bomber jacket or baby cow parka, to create a unique and fashionable look.

In summary, the Chuangpu Calf Jacket is a versatile and practical product that is designed to keep female calves warm and protected in cold weather conditions. With its snap fixing and velcro bonding collar, machine washable fabric, and stylish blue color, this jacket is the perfect choice for farmers, ranchers, and anyone who cares about the health and wellbeing of their young cows.
